

PRESS RELEASE

La Ciotat (France), June 4th, 2007

NEWSTEO MOVES !

Since its creation, Newsteo is in continuous evolution. Its line of products has been developed in order to meet customers' requirements more efficiently and to ease the migration of the industrial world to the wireless technology. This development was accompanied by an increase of the company's manpower and consequently to this strong growth, Newsteo has moved in new buildings based in the technology park « Athélia » of La Ciotat (13) near Marseille. The address, phone number and fax number are thus modified but the headquarters address remains unchanged. All the Newsteo team thanks you for taking into account these changes.
