

CONNECTED SENSORS AND WIRELESS SOLUTIONS

FOR THE PROTECTION OF YOUR
SENSITIVE GOODS

Our EXPERTISE

NEWSTEO, WIRELESS MONITORING SOLUTIONS PROVIDER

Newsteo is a French company specialised in the Internet of Things (IoT). We offer a complete solution for connected sensors and data management for traceability, alert and supervision purposes.

- ✓ **A complete solution** : Communicating sensor, Receiving Gateway, Cloud Hosting, Web Application
- ✓ **A solution meeting your needs**: Customisation, Custom development
- ✓ **A high-quality solution** : Optimised radio range, Autonomy of several years, French manufacturing, Communication protocol ensuring the transmission and the integrity of all measurements

SUPERVISION - WIRELESS MEASUREMENTS - CLOUD - TRACEABILITY - REAL-TIME ALERT

With its experience, Newsteo has developed optimised products, adapted to your needs, to facilitate your daily work.

RADIO

The transmission solution that goes everywhere!

ROBUSTNESS

Ultra-rugged products, manufactured and assembled in France

BATTERY LIFE

For optimal performance, our batteries last up to 7 years

SCALABLE

Add new sensors on the field, without additional settings

APPLICATION AREAS:

▲ LABORATORY AND HEALTH

▲ FOOD

▲ TRANSPORT

▲ INSTRUMENTATION
AND GEOTECHNICAL

▲ PHARMACY

▲ INDUSTRY

▲ HOT WATER SYSTEMS

▲ MUSEUM

▲ DEFENCE

Our SOLUTION

A TURN KEY SOLUTION, SCALABLE AND SUITABLE

Build your own wireless sensor network. With a catalogue of more than 200 references, Newsteo allows you to deploy your monitoring system very quickly: temperature, humidity, shock, tilt, crack ... our communicating sensors allow to measure any type of variable, to supervise your environment and to display everything on a single interface in the Cloud.

Newsteo teams support you in all stages: choice of sensors, development, integration into your information system, legal metrology, on-site installation...

Why CHOOSE US? ▽

AN EXPERIENCED COMPANY WITH MASS DEPLOYMENTS

- Founded in 2005, more than **13 years of expertise**
- More than **1,200 BtoB clients** in **62 countries**
- More than **200 standard products** in the catalogue
- More than **200,000 products deployed**, on more than **6,000 sites**
> 10 billion measurements transmitted every year
- More than **3,000 pharmacies** equipped in France
- An internal metrology laboratory (temperature & humidity)
