Newsteo provides a range of data loggers for the temperature controlled storage.

The food products require to be stored at a certain level of temperature to guarantee their hygienic and gustatory condition. The products range of Newsteo allows to insure this constant monitoring and to manage an alert system in case of wrong detected temperature.
CREATE YOUR OWN WIRELESS DATA LOGGERS NETWORK

Newsteo provides a wide range of stand-alone data loggers for any kind of fridge, freezer, climatic chamber...

TEMPERATURE OF YOUR CLIMATIC CHAMBERS
