Restart the Server						

FR:

Cliquer sur Fonctionnalités

Cliquer sur Ajouter des fonctionnalités

Sélectionner Expérience utilisateur et cliquer sur Suivant et Installer.

Si le service est déjà installé comme dans l'exemple ci-dessous, cliquer sur Annuler.

Right Click on the **desktop of the Server Cliquer droite** sur le **Bureau du serveur** Cliquer sur **Personnaliser**

Appliquer le thème de Windows 7 sur le Serveur Windows 2008
